OUR STORY

About Manaseer Logistics

Manaseer Logistics — the business name of the Jordanian Modern First Company for Agents Forwarding — was established in Amman in 2011 as a freight forwarding agency. Our focus has remained constant: delivering freight with satisfaction, whatever the goods, whatever the mode — air, sea, land, or customs clearance.

We streamline processes along the entire supply chain, focusing on quality assurance and sustainable progress — fast, efficient solutions that serve the long-term success of our company, our clients, our employees, and our industry.

WHAT MATTERS TO US

What Matters to Us

As a responsive freight forwarder, we value our customers' business requirements — working only with certified professionals to build lasting relationships.

01

Responsiveness that makes the difference

Considered solutions, fast decisions, and the flexibility to keep pace with your business requirements.

02

A network built on trusted standards

We work with specialized partners committed to quality and efficiency standards in every shipment they handle.

03

Trust that outlasts the shipment

We believe success is measured not by a single shipment, but by strong relationships and partnerships that endure over time.

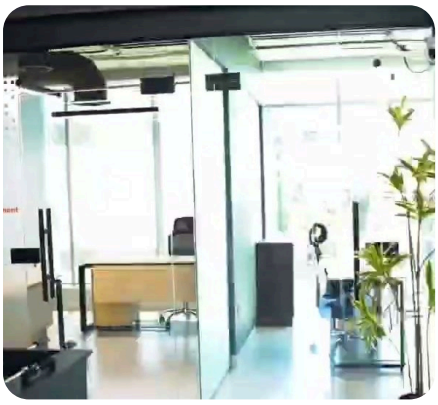

Legal identity. Manaseer Logistics is the public brand of the Jordanian Modern First Company for Agents Forwarding (الشركة الأردنية الحديثة الأولى لوكلاء الشحن), Amman, Jordan.

WHY MANASEER

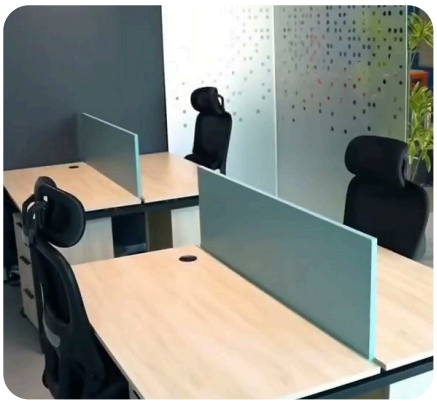

Why Choose Manaseer Logistics

With experience built since 2011 across industry verticals, we provide cost-effective freight forwarding solutions worldwide — by air, sea, and land.

Through our global network and long-standing relationships with international shipping lines, airlines, and equipment specialists, we offer competitive rates and door-to-door solutions anywhere in the world. Whether you are moving a single pallet or an entire vessel — or need a charter — there is little we cannot handle.

INSIDE OUR AMMAN HEAD OFFICE

One team managing every stage of your shipment

HOW WE WORK

How We Work

01 One integrated shipping operation

From transport coordination to document management and shipment tracking, one team manages every stage of the shipment — keeping operations smooth and services connected.

02 Jordanian roots, global expertise

From Amman to destinations worldwide, we deliver integrated freight and logistics solutions — drawing on our industry experience and international relationships to coordinate your shipments with efficiency and reliability.

03 Efficient, compliant customs clearance

Precise customs clearance services, in line with regulatory requirements and compliance standards.

04 What we stand for

At Manaseer Logistics, our work is built on understanding our customers' needs, precise execution, and partnerships that strengthen trust and endure.

WHERE WE SHIP

From anywhere in the world — to everywhere in the world

We coordinate and manage shipments to and from destinations worldwide through our network of freight agents and logistics partners — one accountable team from inquiry to delivery.

- Less-than-container loads (LCL)
- Project and special-equipment cargo
- Temperature-sensitive cargo shipping
- Out-of-gauge, oversized, and break-bulk transport
- Vehicle shipping
- Direct routing coordination to reduce transshipment risk
- Customs clearance on request
- Cargo insurance on request

02 · SERVICES IN DETAIL

Air Freight

The speed your business runs on

When time is the deciding factor, we provide air freight solutions designed to keep pace with your priorities. From expedited and priority shipping to consolidated cargo and door-to-door delivery, we coordinate every operation according to the nature of the goods and the agreed schedule.

To guarantee a complete shipping experience, customs clearance and insurance are available on request — with efficient execution and precise coordination at every stage.

1. Requirements analysis
2. Solution design
3. Execution & monitoring
4. Final delivery

CAPABILITIES

- Expedited and priority air freight
- Express shipments
- Cargo consolidation
- Door-to-door delivery
- Cargo insurance on request
- Optional customs clearance services
- Tailored solutions for every shipment

03 · SERVICES IN DETAIL

International Land Freight

Road transport solutions connecting Jordan to regional markets

We provide international road freight through a network of logistics partners and agents across the Middle East, with flexible transport options covering full truckloads (FTL) and part or grouped loads (LTL). We also coordinate transit and customs clearance procedures — supporting the smooth flow of goods across borders and the integration of your supply chain operations.

1. Route planning
2. Pickup & loading
3. Transit & customs clearance
4. Final delivery

CAPABILITIES

- Regional corridor network
- Flexible loading options
- Customs procedures coordination
- Logistics partner network
- Integrated transport solutions

04 · SERVICES IN DETAIL

Customs Clearance

Full customs process management by dedicated experts

We understand the complexities of clearing goods through customs. Our dedicated team of customs clearance experts operates across ocean, air, and land freight, managing the entire customs process for any cargo type and working to minimise delays and disruption. Our clearance charges are competitive and give you control over your shipment's timeline and delivery. Operations follow governance structures, a code of conduct, and compliance standards, supported by strong working relationships with customs and security authorities.

1. Document preparation
2. Declaration filing
3. Fees settlement
4. Release & delivery

CAPABILITIES

- Specialized customs expertise
- End-to-end management of customs procedures
- Clearance for air, sea, and land shipments
- Competitive clearance fees
- Governance and compliance to clear standards
- Effective coordination with customs and security authorities

05 · SERVICES IN DETAIL

Container Transport

Intermodal container movement — dedicated fleet and global partners

We operate container transport with a range of vehicle and container types at our disposal — through our own dedicated fleet and a global network of transport partners. This means we can provide a comprehensive container transport service, connecting ports, borders, and inland destinations with the right equipment for your load.

1. Equipment matching
2. Positioning & loading
3. Inland transport
4. Delivery confirmation

CAPABILITIES

- Range of vehicle & container types
- Own dedicated fleet
- Global transport partner network
- Port to inland connectivity
- Comprehensive container service

06 · SERVICES IN DETAIL

Courier Service

Express door-to-door deliveries from Jordan to worldwide destinations

We offer express door-to-door cargo deliveries from Jordan to worldwide destinations. Our courier service is built on reliable and efficient solutions that respect your deadlines — collecting from your door and delivering to the consignee, with the coordination and communication you would expect from a freight forwarder rather than a parcel counter.

1. Collection
2. Dispatch
3. Linehaul
4. Door delivery

CAPABILITIES

- Express door-to-door deliveries
- Jordan to worldwide
- Reliable, deadline-focused solutions
- Freight-forwarder coordination
